

Full Day City Tour

BENGALURU

Discover Bengaluru's most important landmarks on this sightseeing tour. Take in a deep breath at the botanical gardens, admire the significance of the Nandi Bull Temple, and see different architectural styles as you learn about the city from your guide.

8 HOURS TOUR

The first stop of your Bengaluru day tour is the 240-acre **Lalbagh Botanical Garden**. Home to more than 1,800 species of plants, shrubs, and trees, see why the garden serves as the lungs of the city and what makes it such a prominent landmark. Escape the concrete jungle of Bengaluru as you take refuge here before heading to your next destination.

Continue on to **Bull Temple**, dedicated to Nandi Bull the vehicle of Lord Shiva. Admire the temple's architecture and presence as one of the oldest temples in Bengaluru that draws devotees from all over the country. Enter the temple to see the huge idol of Nandi Bull and learn about its mythical origins.

After the temple, visit **Vidhan Soudha**, one of the most famous buildings in Bengaluru. As it houses the legislative chambers of the state government and is a working office, be impressed by the massiveness of the building while viewing it from outside. Hear about its construction and fine architectural details from your guide.

Head to the **International Society for Krishna Consciousness (ISKCON) Bengaluru** temple cultural complex and learn about this interesting branch of the Hindu religion. Then go to **Bengaluru Palace** which belonged to the Wodeyar Kings of Mysore. Built-in the Tudor style, the palace has fortified towers, battlements, and turrets. Its interior houses elegant wood carvings, floral motifs, relief paintings, and furniture in Edwardian and Victorian themes.

Next, visit the **Indira Gandhi Musical Fountain Park** to attend the laser show (Two shows are held at 7.00pm and 8.00pm, each lasting for half an hour. All Mondays and second Tuesdays are holidays). The visual delight of the light and sound show together with the synchronized rhythmic dancing of the fountains provides high versatility in programming as well as in playback to various Indian and Western musical themes.

During your tour, enjoy a stop for lunch.
